

# THE RESIDENT

SOHO

ACCESSIBILITY GUIDE

# Hotel Accessibility Guide

Thank you for considering The Resident Soho for your upcoming stay to London, we hope the below information is helpful and informative to you in your booking process.

If you would like any further assistance or information, please contact us at [reservations@residenthotels.com](mailto:reservations@residenthotels.com) and member of our team would be more than happy to assist you.

# Arriving to the Hotel

- When you arrive to The Resident Soho, we recommend the main entrance on Carlisle Street, with a quiet drop off point for cars and taxis available close to our entrance. The entrance is flat, with automatic doors available on either side of the entrance. To enter simply press the accessible 'Push to open' button by each door.
- Our entrance uses automatic doors, flanking a revolving door, which can be controlled by our team where needed. These are wide and perfectly suitable for wheelchair users or mobility scooters.
- Should you require assistance entering the building, carrying luggage or guidance to our site, a member of the team will be on hand to assist. Our Reception desk is in our front hall, with a large window offering visibility to the street outside.

# Reception

- Once you have reached our Front Hall, our reception desk will be just inside on your left. There is some seating available in this space for those in need of it. Our flat entry room also boasts a comfortable lounge with a collection of seating. Furniture is arranged to provide ample space for accessible aids including wheelchairs and our team would be pleased to assist further if needed.
- Our reception features accessible wood floors, which should cause no challenges to wheelchair users.
- Our reception desk also features an induction loop for guests who are hard of hearing.
- Should you require any of your information in large print or any additional requests, please speak to a member of the team, who would be happy to assist.

# Additional Support

- If you require a wake-up call, please ask a member of our team. Deaf guards are available where needed to aid hearing impaired guests.
- Our hand are also on-hand to assist you in finding local recommendations and support, should you require a local chemist, restaurants to suit dietary concerns etc.
- To reach our team from your room, simply call 0 on our phone system and a member of team will be in touch shortly. Alternatively, accessible rooms are each fitted with a series of red pull cords, which will alert our team to any falls, incidents or emergencies of the guest.

# Getting Around the Hotel

Our flooring throughout the hotel varies between laminated wood and carpet, all of which should be free from trip hazards and traversable for wheelchair users.

Our doors each feature wheelchair friendly buttons to guide these to open, placed at an accessible height for wheelchair users. At various points we also feature Refuge Call points for any guests in need of assistance, particularly in an emergency.

We feature a generously sized lift, able to comfortably accommodate a wheelchair and a number of guests. The lift's buttons featured indented numbers to support poorly sighted guests when needed. If you require additional support please speak to a member of our team.

# Our Bedrooms

We feature an assortment of accessible rooms featuring additional resources, aids and floor space, designed to suit a wheelchair user or guest with restricted mobility. The following adjustments have been made to make these rooms more accessible...

- We have included additional floor space in the bedroom and bathroom.
- There are pull chords by the bed, shower and toilet to ensure help is accessible to our guests, these will never be shortened or tied.
- An additional peephole is included on the door at a suitable height for wheelchair users.
- Our kitchenettes feature space for a wheelchair or chair for those with trouble standing for a long time.
- If you require additional space in your room and would like our team to remove some non-essential furniture items, please let us know.

# Our Bathrooms

Our bathrooms are designed to accommodate guests with a variety of needs, including ample space for a wheelchair, sinks at various heights, mobility bars and seats where needed as well as two pull chord (by the toilet and shower), should you require assistance. There is also an additional help button here in case of emergency.

Should you require additional assistance please let us know, our team is on hand to help wherever needed.

# Hearing Impaired Guests

We also offer some adjustments for hearing impaired guests, these include the following...

- We can provide a deaf guard to be taken to your room, this will vibrate, light up and flash in the event of an emergency, insuring you can leave the building safely.
- Our lifts display floor information on a digital screen, communicating which floor you are currently on.
- Our reception desk also features an induction loop for guests.
- Accessible rooms include a light over the bathroom door which will then flash if the emergency cord is pulled.

*Example Deaf Guard*

If we can assist you in any other way, please let a member of our team know, they would be more than happy to assist.

## **FOR FURTHER ASSISTANCE**
